## WARRANTY STATEMENT Neuton Power NS Series Batteries

### Deep Cycle Application Guarantee

YHI Power Pty. Ltd. Guarantees to the original user that all YHI Neuton Power NS series batteries supplied be free from any defects in materials and workmanship for a period of three (3) years from the invoice date of the goods. The user shall promptly report any alleged defects to YHI and allow inspection if requested. If YHI Power finds unit(s) to be faulty, they will be repaired or replaced at no charge to customer FOT Brisbane, Sydney, Melbourne, Adelaide or Perth.

### Warranty

YHI Power Pty Ltd also warrants for four (4) years to the original user that all YHI Neuton Power NS series 2V cells used in a deep cycle application, will provide greater than 80% of rated capacity from date of delivery of goods when used in accordance with the conditions stated below. If YHI Power Pty Ltd finds unit(s) do not satisfy this warranty, the units will be replaced on a pro-rata basis FOT Brisbane, Sydney, Melbourne, Adelaide or Perth with the user being allowed a credit based upon the current list price and the portion of the warranty term remaining to be applied towards the purchase of replacement cell(s).

**Conditions of Warranty:** ( a ) Batteries must be charged using a charger or inverter/charger that is set for charging of vented lead acid cells in solar/deep cycle application and is in accordance with the manufacturer's recommendations.

( b ) Batteries must be recharged immediately following a discharge .

A battery remaining in a discharged state for a period of greater than 3 hours will automatically void the warranty.

( c ) This warranty excludes failure due to electrical or mechanical abuse such as over or under charging, mis-application, high temperature abuse or physical damage due to incorrect fitment.

( d ) Warranty terms are based on maintaining an average daily temperature of 25 °C

(e) End of cell life occurs when the capacity reaches 80% of rated capacity.

( f ) YHI must be notified within 14 days of discovery of alleged defect.
